

## Extended After-School Programme (EASP) REGISTRATION INSTRUCTIONS

*It's as easy as 1, 2, 3!*

### HOW IT WORKS

#### Step 1: Set Up Your Family Profile

*If you already have a Family Profile, skip to Step 2.*

Complete and create your [Family Profile](#), including details for each student you wish to enroll. **Take note of the Parent Portal password you create.** A confirmation will be sent to the email provided

#### Step 2: TO REGISTER - Log In to the Parent Portal

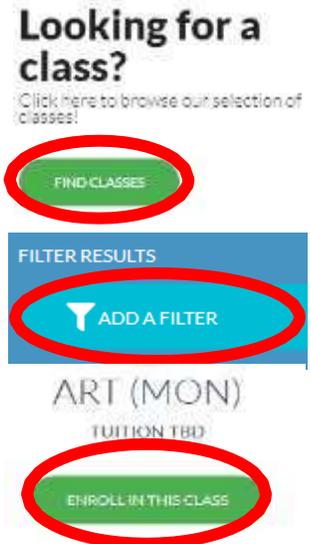

*Returning families, please review and update your family profile information, especially contact, emergency, health and authorised pick-up information.*

You will automatically be taken to the [parent portal](#). You may also access via the link received by email. Login using the email and password set-up during registration.

**Find Clubs:** On the Parent Portal Dashboard, click 'Find Classes'.

**Filter Club Lists:** Use the 'Filter Results' function to view clubs by 'Location' (i.e – School). Further filter your search by 'Days of the Week'.

**Register for Clubs:** Click on the desired club and 'Enroll in This Class'. There is a **limit per student of one club per day and four days per week**, to allow EASP access to as many students as possible. If a club is full, you will have the option to join the waitlist. We encourage you to join waitlists, as club rosters will be updated regularly, with spaces automatically assigned to those on the waitlist. Active attendance is required to maintain a space. If attendance becomes inconsistent, your child's space may be relinquished to another family.

#### Step 3: Select Transportation Option

**A transportation option must be selected for each day of registration.** The options include a **bus, pick-up** by a Parent/Guardian, or permission to **walk/bike home**. Select transportation option from the **bottom of the list of 'classes'**. If the required bus route home is at capacity, your child will be adjusted to the waitlist for that day until space becomes available on the bus. Please read the description of the bus options and **ensure you select the correct route home**.
